Projects

From initial concept to wireframes, **RIFT** represents my growth in UX thinking and product design.

A snapshot of my journey, highlighting growth, projects, and skills in Frontend web development and design.

Timeline

JUL 2019 -
SEP 2023

College : B.E. Computer
Science and Engineering,
KEC Vellore (2019- 2023)
CGPA: 8.88/10

JAN 2024 -
May 2025

UPSC & Indian Navy Prep:
Developed analytical skills,
discipline, and time
management through
focused preparation.

JUN 2025 -
Present

Frontend Development & UI/
UX through Figma and
building responsive websites
using HTML, CSS, and
JavaScript.

The Gap : After UPSC/Indian Navy prep, I realized my true interest lies in tech and UI/UX, so I pivoted to pursue it professionally.
