About Me

From systems thinking to human centered design, the focus for **clarity** remains the same. Guided by engineering logic and disciplined execution, each **experience** is designed to work seamlessly and feel **meaningful**.

Projects

Experience

- SRISUN Digital**
UX UI Design Intern
Oct 2025 - Dec 2025
This experience was shaped by live products, real users, and real constraints. Designing across three client projects reinforced the importance of clarity, consistency, and decisions that scale beyond a single screen.
- TNSDC SkillUp**
Web Dev Bootcamp
Sep 2025 - Oct 2025
A competency-based certification validating hands-on skills in advanced web development, design contribution, and professional readiness.
